No.28732 C3/51 dated 26-12-1951.

Sub: Education - Fisheries School - Sri Jnanodaya play ground facilities - Land T.S. 52/1A1 transferred - Retention requested -

Ref: 1. G.O. Ms.No. 350 Rev. dated 16-2-1948.
2. G.O. Ms. No. 2216 Rev. dated 22-8-1951.

In the G.O. second cited, Government were pleased to transfer the plot T.S.No.491/2 measuring 1.31 acres in extent for erecting an Ice-cum-cold storage of this Department and at the same time they cancelled the orders for the transfer of the land T.S. No. 52/1A1 sanctioned for the same purpose in G.O. first cited.

2. The land T.S.No. 52/1A1 is in the proximity of the "Sri Jnanodaya Fisheries School" Mangalore, South Kanara District. At present there is no proper play-ground for this school. The play-ground attached to this school is only 440 Sq. yards in area which is inadequate. Further a gollah for storing salt required for the Fish curing yards has also to be erected. Since this land is most suitable for the above mentioned two purposes, I request the Government to kindly sanction the retention of the land T.S.No. 52/1A1. This site can easily be included and enclosed with the school site by removing the Southern wall.

'A' above Dist. submitted that

~~land~~ in G.O. No. 330 Revenue, dated 16.2.48, the Government sanctioned the transfer of T.S. No. 52/1A1 of Nanguneri Taluk in Tirunelveli District to the Industries Dept. for the installation of an ice-cum-cold storage factory. The site was found not quite suitable for the purpose. On the recommendation of the Director of Fisheries and the Board of Revenue, the orders regarding the above transfer of the land to the Industries Dept. were cancelled. For the reasons stated in para 2 of the letter cited on p1 C.P., the Director of Fisheries wants the "retention" of the land as a playground of the Manavalaya Fisheries school and for erecting a godown for storing salt and fish curing. In justification for the delay in the Fisheries Dept. in appreciating the proposal of the Director, it appears that the proposal was initiated in 1948 and in 1949 the Director wanted the re-transfer of the land to the Fisheries Dept. The Board's remarks may be called for in the matter. If so the draft already submitted awaiting is for approval.

~~Submitted for approval please~~

In whom is the land vested now? In G.O. No. 2216 Rev. dt. 22-5-1951, the grant was cancelled under the provisions of 1948 and the land vested in the Industries Dept.

In reference to AS's query on ptn 2 ante, it is submitted that the land in question was vested in the Revenue Dept. However the land does not seem to have been actually taken possession of by the Revenue Dept. vide orders in Govt No. NL 2216 Revenue dated 22.8.17. Presumably the land is still in charge of the Fisheries Dept. The Director of Fisheries is probably referring to this when he refers to "retention" of the site in his Dept. The report proposed to be called for in the matter may perhaps contain the information.

Sir,

LAND - Transfer (S.Kanara) Mangalore taluk and town - Mangalore ~~taluk~~ thota village - T.S.No.52/1A1 - transfer to Fisheries Department - report.

...

Ref: Government Memorandum No. 973/A/52-1 dated 17.1.52.

...

In G.O.Ms.W 350 Revenue dated 16.2.48 the Government passed orders transferreing T.S.No.52/1A1 of Mangalore Thota village to the Industries Department for the installation of an ice-cum-cold storage factory at Mangalore. In modification to this the Government passed orders in G.O.Ms.2216 Revenue dated 22.8.51, cancelling the orders issued in G.O.Ms.350 dated 16.2.48 and ordering the transfer of T.S.No.491/2 measuring 1.31 acres to the Fisheries Department for the installation of an ice-cum-cold storage factory.

2. In the light of the orders contained in G.O.Ms.2216 Revenue dated 22.8.51 the Assistant Director of Fisheries Mangalore was requested in my letter Ref.23827/51- B3 dated 17.12.51 to hand over the plot T.S.No.52/1A1 to the Port Officer Mangalore. The Assistant Director of Fisheries referred the matter to the Director of Fisheries Madras.

3. I inspected the plot T.S.No.52/1A1 of Mangalore Thota village on 11.3.52. The Superintendent of the godown was present in the field at the time of my inspection. The portion in S.No.52/1A1 ~~for~~ to the west of 52/1B is required for spreading and drying coir. The portion lying South of S.No.52/1B is not used for any purpose. This portion contains one mango tree and 3 cocoanut trees. As a narrow strip of land along the godown building may be required for the godown, I recommend that the rest of the plot measuring 54' x 103' may be sub-divided and handed over to the Fisheries department for use as a playground by the school children of "Sri Jnanadaya Fisheries School". A sketch of the plot is enclosed for reference and return.

Yours faithfully,

For Collector.

2. I Govt No No 350 Revenue, dated 16.2.60, the Government sanctioned the transfer of the land in T.S.No 52/1A1 of Rangalore Kota Village, Rangalore district to the Fisheries Dept for the installation of an ice-cum Cold Storage factory. The site was found not quite suitable for the purpose. On the recommendation of the Director of Fisheries and the Board of Revenue the land in T.S.No 91/2 was transferred to the Fisheries Dept. The orders referred to above transferring the land from T.S.No 91/2 to the Industries Department were cancelled in Govt No No 2216 Revenue, dt 22.8.57. Though the land in question now vests in the Revenue Dept. it has not been actually taken possession of by the Revenue Dept. and is therefore still in charge of the Fisheries Department. ~~and is therefore still in charge of the Fisheries~~ For the reasons stated in para 2 of his letter at p3 C/F, the Director of Fisheries wants ~~the retention of~~ the land for the use of the Fisheries Dept as a play-ground for the Sri Jnanodaya Fisheries School and also for the erection of a godown for storing salt required for the fishing fishermen. The Collector of South Kanara to whom the matter was referred has stated that certain portions of the land in question are required for other purposes and has recommended that the rest of the plot measuring 54' x 103' may be subdivided and handed over to the Fisheries Dept. for use as a playground for the school children of Sri Jnanodaya Fisheries School.

It will be seen from the sketch at p7 C/F that the plot now proposed to be handed over to the Fisheries

Department is ~~inadequate~~ very small when compared to the plot applied for by the Director of Fisheries. However as no other ~~Govt~~ convenient site seems to be available for the purpose, it is for orders whether the Collector's recommendation which has been supported by the Board of Revenue may be accepted. It does not also seem necessary to consult the Director of Fisheries.

Subject to orders, a draft order is submitted for approval.

Dft. may be kept ready.
